ABOUT ME

Motivated B.Tech CSIT student interested in Product Management and UI/UX Design. Skilled in user research, wireframing, prototyping, and problem-solving with a focus on creating user-centric digital experiences.

EDUCATION

B.Tech in Computer Science & Information Technology
Acropolis Institute of Technology & Research, Indore (RGPV)
2023 – 2027

PROJECT EXPERIENCE

Food App UI/UX Design (Figma Project)

- Designed a mobile food delivery application in Figma focused on improving user experience and navigation flow.
- Created wireframes, user flows, and interactive prototypes for food browsing, cart management, and checkout screens.
- Improved visual hierarchy and usability using design thinking principles and user-centric design approaches.
- Developed 10+ mobile app screens with consistent design components and intuitive interaction.

Job Tracker App – Product Management & UI/UX Project

- Designed a modern mobile job tracker application to help students organize internship and job applications efficiently.
- Conducted user research to identify challenges in tracking application status and interview schedules.
- Planned core features including dashboard tracking, application status filters, detailed job views, and reminder interactions.
- Created wireframes and interactive prototypes in Figma focused on clean navigation and improved user experience.

SKILLS

- Product Management : Product Lifecycle, User Research, User Stories, Requirement Gathering
- UI/UX : Figma, Wireframing, Prototyping, User Flows, Visual Hierarchy
